

A GOOD CAKE FOR A GOOD CAUSE!

OUR HISTORY

Set-up in 2014, Bayon Pastry School is a free vocational training for underprivileged women. Each year, we select and train around 20 young women. The training lasts 1 year including 4 months of internship in hotels and restaurants in town. We also provide them accommodation, food and all training equipment.

THE STUDENTS

For your health, we use drinkable water for ice and to clean vegetables
