LUNCH

LEARN MORE ABOUT OUR BAKERY AND PASTRY PROJECT

Opened in **September 2014**, the **Bakery and Pastry Bayon School** selects and trains about **20 young Cambodian** women from underprivileged backgrounds every year, free of charge.

The training lasts **12 months**, including 4 months of internship in top hotels and restaurants in Siem Reap. We help them to **find a job** once they graduate. The students learn pastry making in a professional environment with quality equipment.

They also receive additional classes in English, mathematics, computer science, personal development, etc.

They are **housed within the school** and benefit from **medical care**, a **living allowance**, a **bicycle** and all the **equipment necessary** for their training.

PASTRY SCHOOL
